

# SCAL Winter 20/21 Policies & Procedures

## TICKETS

- Each visiting team will have access to 60/70 tickets, depending on the facility, please see below.
  - 60 Tickets: Russia, Fairlawn, Jackson Center
  - 70 Tickets: Anna, Botkins, Fort Loramie, Houston
- The distribution of the ticket allotment for visiting teams will be decided by each respective visiting school.
  - It is recommended that when traveling to a gym that allows 70 tickets, a portion of those tickets be allotted for the parents of the cheerleaders, but that choice will be made by each respective school.
- **Ticket pricing will be as follows - \$6 JV/Varsity Games, \$3 Junior High Contests**
  - In the event of a triple-header with freshman games, all tickets will be \$6.
    - If a facility or district so chooses, they may play the freshmen games in an auxiliary gym at no charge (if possible), but this option is up to each respective school.

## VISITING TEAM

- Each visiting school will be responsible for sending an up-to-date roster of all game day personnel and participants before the date of the contest, and notifying the host school of any special ticket arrangements (such as, a split family situation).
- Other than for split family situations, the student's guests are encouraged to arrive together and sit together. When buying a ticket to the contest, the patron should indicate which student they are there to support so that can be noted, as names on the roster will then be crossed off as tickets are purchased to see that athlete.
- For Junior High contests, a minimum of 2 tickets will be allotted per player (4 tickets if a student has a split family).
  - If the facility available that night allows for more people to attend, the home team may exercise the option to provide more than 2 tickets per player.
  - Parents and attendees of the preceding game in the junior high contests (depending on the facility) may be asked to clear the gym to allow space for people to see the other grade's game that follows.
- Visiting fans are expected to adhere to the home team's policies on all COVID procedures – social distancing, wearing of masks, etc.

## HOME TEAM

- The home team will have the autonomy to determine how they will distribute the rest of their permitted tickets available, for their respective facility.

## CONTEST PROCEDURES

- A maximum of 8 cheerleaders for each team will be permitted to participate in the contest.
- Pep Bands and their ability to play at home basketball games will be determined by each school's local administration, in compliance with health department facility guidelines.
- No more than two (2) student managers per team will be allowed for a contest, and the visiting student managers/videographers must be listed on the roster to be permitted entrance.
  - Team statisticians are not recommended for this season, and will not be included on any team rosters or permitted into any contest.
- Per NFHS guidelines, all bench areas for teams should provide enough spacing for teams to spread out when seated or allow for staggered seating.
  - Only 15 players may dress for a game, and no more than 18 total seats will be made available for teams (coaches and players).
- Usual pregame policies and introduction procedures will remain in effect. After the contest, acts of good sportsmanship by both teams will be expected.
- Games will be played whenever possible, and should extenuating circumstances require postponement of a contest, per league bylaws, the make-up of that contest will take precedent over scheduled non-league games.

## SCOUTING

- Scouts will not be permitted to enter the gym for winter contests, league coaches must use HUDL to share film for scouting purposes.
  - Amongst the league, listed below will be our video exchange guidelines.
    - Teams may choose any two prior games to be shared from their opponent through Hudl at least five days in advance of the scheduled game.
    - In the event a team (or both teams) is playing on Tuesday and then again on Friday, the team may choose the Tuesday night game as one of their two selections.
    - In the event a team (or both teams) has only played one game, then only one game will be shared.
    - In the event a team (or both teams) has not played a game, then no games or scrimmages will be shared.
    - A failure to send games to the conference opponent on time will be reported to that school's local administration and will be handled accordingly.

## SCAL PASSES

- SCAL passes will not be recognized for entrance into a league contest. SCAL passes will only be granted to school administrators (and will be used by visiting admins for their role in game management).
